Main Challenges for PHE in Central & South-Eastern Europe

- Become an integral part of regional strategy development
- Map and mobilise own potential and embed regional dimension into complex institutional strategy
- Develop / release our capacity for full knowledge exchange
- Be more flexible & responsive to regional learning needs

- Strengthen the self-confidence of PHE Institutions
- Ensure stronger recognition of PHE
- Strengthen cooperation with all stakeholders, at all institutional levels
- Increase the flexibility of PHE in response to labour market dynamics

Align PHE with Regional Development Strategies

Promote PHE in Responding to Skill Shortages

Organize and Monitor Student Placements in the World of Work

Personalize Learning Environments within PHE

- Define roles for all PHE Stakeholders in placements
- Control Quality of Placements
- Consider the voice of Students
- Know the Demands of Employers

- Monitor and assess learners' progress while maintaining their learning flexibility
- Design industry-oriented PLEs
- Modernize methodologies and teaching frameworks
- Design Learner driven PLE
